

Euromat 64 S/L

The reliable in-store
baking oven

* Easy to operate, easy to clean,
Optimal lighting thanks to LED

THE IN-STORE BAKING OVEN

- **BAKING CHAMBER:** Rounded corners and removable interior and exterior parts make it easy to clean. The side-ways slide-in ensures easy handling
- **LIGHTING:** A new LED light puts your bakery goods in the spotlight to make them even more attractive for your customers
- **FLOW CONDITIONS:** Controlled intelligently with 8 fan speeds and a right/left rotation fan for a consistent baking result in the convection oven
- **STEAMING:** Fast steam generation with the correct steam quantity for every bake
- **CLEANING:** Optional automatic cleaning system ProClean or ProClean365 for a clean oven. The outside of the door can be opened easily without tools for a transparent view
- **THERMODYN GLAZING:** Reduced radiant heat, a cool outer door and less energy consumption ensure lower costs and higher safety
- **USB PORT:** Direct transfer of baking programs and logos
- **WNET:** Networking of your ovens across every store
- **IBC:** By means of sensor technology, the baking parameters are adapted to the loading system fully-automatically. Constant quality and optimal energy efficiency. (Optional)

OPTIONS

Cleaning	ProClean / LiquidClean / Combination of ProClean + LiquidClean / ProClean365
Modular construction	Capacity expansion possible at any time
Door	Opens to right/left, safety locking
Steaming unit	Pipe steaming, passive cascade
Design	Nostalgic or Stainless Steel
Networking Solution	Wnet

COMBINATION OPTIONS

- With all Euromat 64 in-store baking ovens
- Ebo 64 deck oven
- Steam reducer with fully-automatically controlled steam condenser
- Support with castors or pedestal
- Hygiene prover with castors or pedestal
- Storage rack
- Loading system

CONTROL UNIT

IS 600 E

- Rotary knob
- Colored pictograms (display of pictograms + text)
- 32 languages and symbols
- Ring tone playable as .wav file
- Time settings to the nearest second
- Slide-in based program handling
- Easy manual programming or via USB port
- 200 baking programs each with 20 steps
- Pre-programmable auto start
- 8 fan speed

CLEANING

ProClean

Self-cleaning system with cleaning and rinse cartridge

ProClean365

Fully automatic cleaning system with cleaner box, which provides the cleaning fluid and is refilled annually during maintenance

TECHNICAL DETAILS

	EUROMAT 64 S Item No. 2500	EUROMAT 64 L Item No. 2600
Number of layers of trays x tray dimensions (mm)	4/5 x 600 x 400	8/10 x 600 x 400
Tray distance (mm)	100/80	100/80
External dimensions (W x D x H in mm)* with ProClean	930 x 1020 x 575 930 x 1020 x 695	930 x 1020 x 975 930 x 1020 x 1095
Power requirements		
Mains	400 V 3/N/PE	400 V 3/N/PE
Frequency	50 Hz	50 Hz
Power consumption	13.6 A	27.0 A
